

CV

Mr. Mohammad Hafeez Ullah

OBJECTIVE:

Looking a challenging position in any growing or well-established organization where I can utilize my experience to meet the objective and challenges of the organization as well as my own career. I believe in change and think it as a cutting edge of development. Work would be my first priority, whether it is team or individual, either someone me or I guide others and my motto is that, work, work and work so that nobody can better perform without your help.
