## **Alberta Express Entry Stream**

The Alberta Express Entry Stream allows Alberta to nominate a limited number of qualified candidates from Immigration, Refugees and Citizenship Canada's Express Entry system. Candidates who have demonstrated strong ties to Alberta or who can help support the government's economic development and diversification priorities may be asked to submit an application. International graduates from Canadian post-secondary institutions may also be asked to submit an application under this stream. Only candidates who are asked to submit an application to the Alberta Express Entry Stream will be considered.

### **Selection from Express Entry pool and Notification of Interest process**

Based on available profile information in the Express Entry portal, Alberta may select candidates and send them a Notification of Interest letter in their federal Express Entry profile. This information is self-declared by candidates in the Express Entry pool.

You may receive a Notification of Interest letter if you:

- Have an active Express Entry profile in the federal Express Entry pool
- Have stated an interest in immigrating permanently to Alberta
- Are working in an occupation that supports Alberta's economic development and diversification, and
- Have a minimum Comprehensive Ranking System score of 300.

If you have one or more of the following adaptability factors, this may increase your likelihood of receiving a Notification of Interest letter:

- Alberta job offer and/or work experience
- A graduate of a Canadian post-secondary institution
- A relative that is living in Alberta: parent, child, brother and/or sister

If you meet one or more of the following factors, this may decrease your likelihood of receiving a Notification of Interest letter:

- Your Express Entry profile expires in 3 months or less
- You are working in an occupation:
  - on the list of [High-wage and low-wage occupations in the province of Alberta](#) set out on the online [Government of Canada Refusal to Process a Labour Market Impact Assessment list](#)
  - on the Alberta Opportunity Stream Ineligible Occupations list, located on this page under the Alberta Opportunity Stream section

- that has a high volume of submissions across all AINP streams

**Processing Time: 12 – 24 months**
