# Website issues/Changes

Please NOTE:

Green Highlighted are the ones who have been updated/changed.

Red Highlighted are the ones who have not been changed/updated.

1. Add Scroll down arrow

There should be a scroll down arrow at the corner of the page to help visitor navigate down.
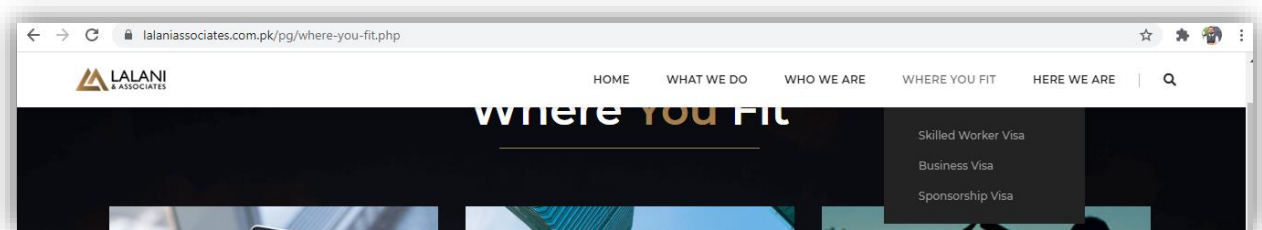

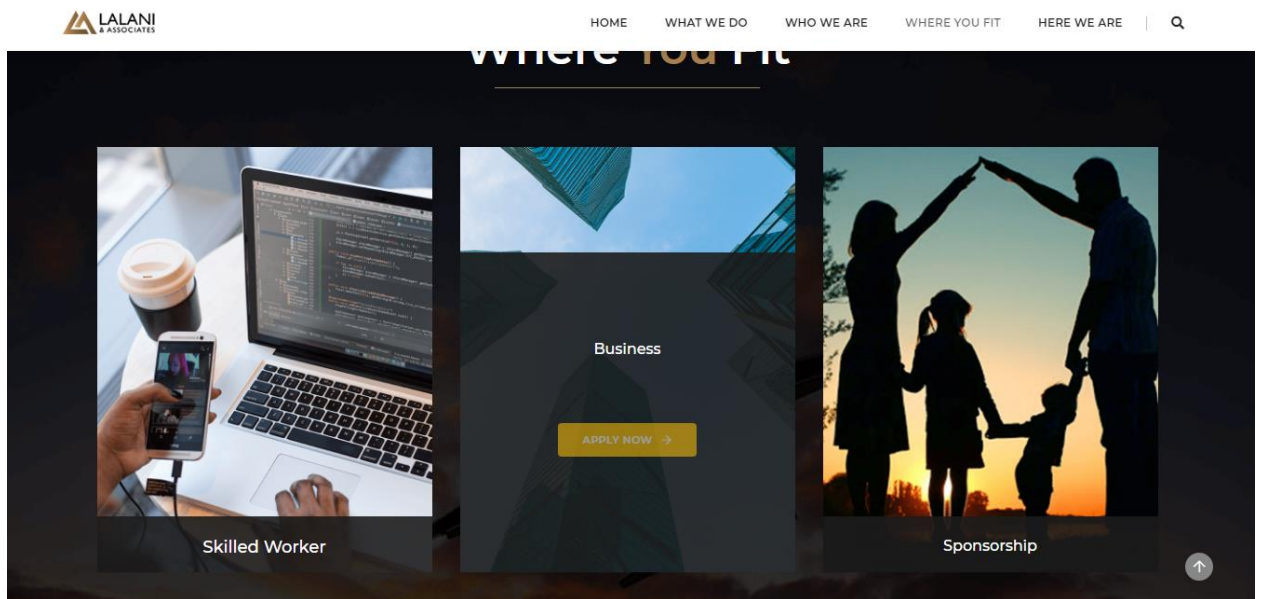

2. Forms

1. Additional questions for employment and education in program forms have not been added yet. 2 Options for Employement and 2 options for education program
2. Every question in the forms should be made mandatory to fill (Asterik) should be there.
3. There should be proper pop-up message after filling out the form details. (Thank you! We've received your contact details, our representative will get in touch with you)
4. Confirmation email to be added after the client fill out the form.
5. In skilled Worker form, add city and state drop down list.

3. Footer

1. Add Blog post
2. Connect Instagram

4. Content Changes

1. Skilled worker visa to **Skilled Worker**
2. Business Visa Services to **Business**
3. Sponsorship to **sponsorships**

- Remove Visa from all the the three names.
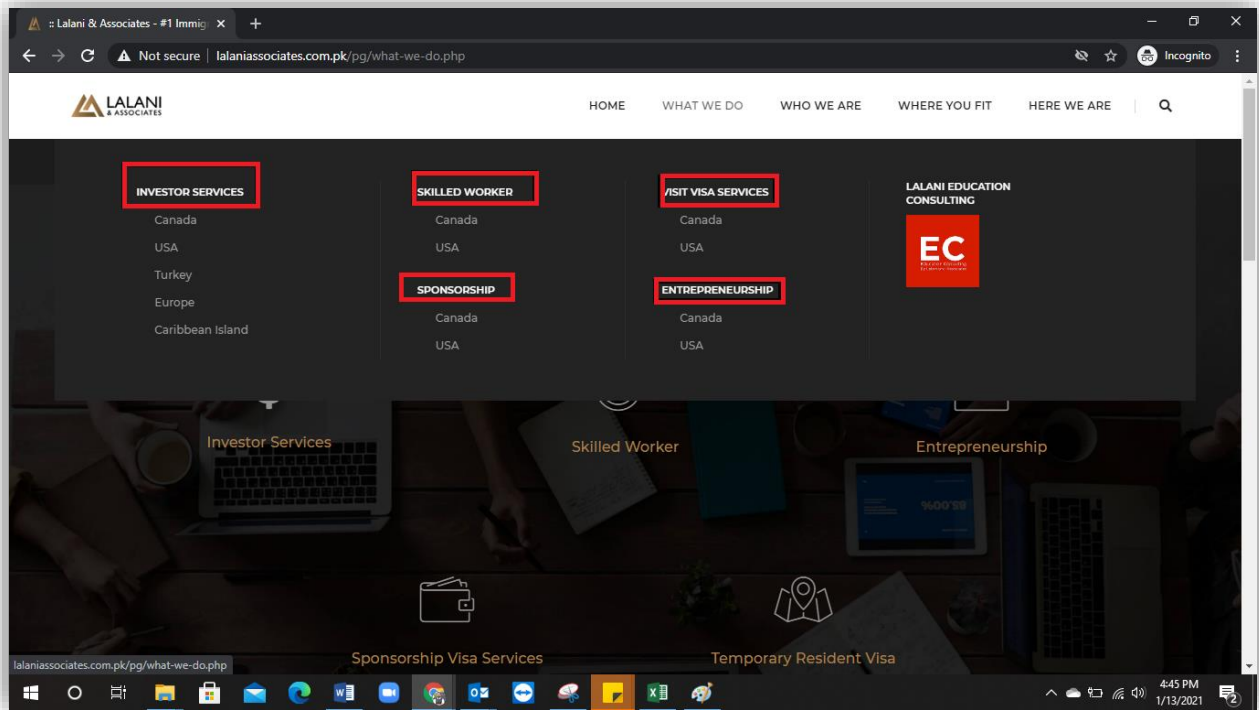

- Investors
- Skilled Workers
- Entrepreneurs
- Sponsorships
- Temporary Residence Visa

5. Page redirecting

-The highlighted ones should redirect the visitor to the related services link. i.e: Investor one should redirect to investors page and should be clickable, also make content changes in the same page mentioned below:
- Investor services should be investors
- Skilled Worker should be Skilled Workers
-Visit Visa Services should be Temporary Residents Visa.
- Entrepreneurship should be Entrepreneurs.
-Sponsorship should be sponsorships.

- The content should be more prominent and background of this header should be changed as discussed.

6. Scroll Down Arrow

-There should be an Scroll Down Arrow on the main page of website to make visitor understand that there's more content below.
